Index for Volume 6 (2018) of *Life: The Excitement of Biology*

Jorge A. Santiago-Blay¹

This index includes topic and authors (alphabetized by last name) of every paper published in *Life: The Excitement of Biology* volume 6. The first number of an entry indicates the volume followed (parenthetically, by the issue) and the first page of the corresponding paper. For example, articles that emphasize global climate change are located on 6(2):27 and 6(3):108. This means, that the interested reader should look for information on climate change beginning on pages 27 and 108 of the second and third issues, respectively, of *Life: The Excitement of Biology*, volume 6.
