**Index for Volume 7 (2019) of  
*Life: The Excitement of Biology***

**Jorge A. Santiago-Blay**

This index includes topic and authors (alphabetized by last name) of every paper published in *Life: The Excitement of Biology*, volume 7. The first number of an entry indicates the volume followed (parenthetically), by the issue, and the first page of the corresponding paper. For example, a paper that emphasizes the frog genus *Eleutherodactylus* is located on an article printed in **LEB** 7(2):82. This means that the interested reader should look for information on *Eleutherodactylus* beginning on page 82 of the second issue of *Life: The Excitement of Biology*, volume 7.
